Regional Project Manager's Notes:

Kerr-Tar Regional Broadband Planning Committee

Committee Members: The proposed structure of the Kerr-Tar Regional Broadband Planning Committee will designate *sixteen seats* that promote inclusion from identified voices in the region:

Franklin County

Granville County

Person County

Vance County

Warren County

Healthcare

Farm/Agriculture

Veteran

Information Technology

Education (K-12)

Higher Education (VGCC)

Higher Education (PCC)

Nonprofit

Small Business

Faith Leader

Kerr-Tar Regional Council of Governments

If you are passionate about broadband, please fill-out the **Kerr-Tar Regional Broadband Planning Committee interest form** to support the Digital Inclusion project efforts starting in October*.

*Moving the first meeting date to October 2024 to align with project implementation.

Thank you,
Amanda Lewis

FY24 Edward Byrne Memorial Justice Assistance Grant (JAG) Program—Local Solicitation

With the **FY24 Edward Byrne Memorial Justice Assistance Grant (JAG) Program** solicitation, the Bureau of Justice Assistance seeks applications for formula funding to provide additional personnel and/or purchase equipment, supplies, contractual support, training, technical assistance, and information systems for criminal justice or civil proceedings, including for any one or more of the following program areas:

1. Law enforcement programs.
2. Prosecution and court programs.
3. Prevention and education programs.
4. Corrections and community corrections programs.
5. Drug treatment and enforcement programs.
6. Planning, evaluation, and technology improvement programs.
7. Crime victim and witness programs (other than compensation).
8. Mental health programs and related law enforcement and corrections programs, including behavioral programs and crisis intervention teams.
9. Implementation of state crisis intervention court proceedings and related programs or initiatives, including but not limited to mental health courts, drug courts, veterans courts, and extreme risk protection order programs.

Funding Categories:

Category 1—Applicants with eligible allocation amounts of less than \$25,000

Category 2—Applicants with eligible allocation amounts of \$25,000 or more

Build to Scale (B2S)

The **Build to Scale (B2)** program supports organizations that strengthen entrepreneurial ecosystems to support entrepreneurs as they build and scale technology-driven businesses—and the

employees in the new, good jobs they create—to make and deliver new technology products and services. Build to Scale (B2S) grants fund programs that support innovators, entrepreneurs, and startups transforming ideas into the critical, emerging technologies of the future.

**Deadline:
October 28th**

The Build to Scale program aims to:

- build capacity for entrepreneurs and innovators to invent, improve, and bring to market new technology products and services;
- accelerate the growth of regional economies focused on industries of the future;
- empower communities to enable technology innovators and entrepreneurs to pilot and test their products and services; and
- equitably and inclusively increase access to capital for technology-enabled entrepreneurs.

Eligible applicants include a state, an Indian Tribe, a city or other political subdivision of a state, and an entity whose application is supported by a state or political subdivision of a state and that is:

- a nonprofit organization;
- an institution of higher education;
- a public-private partnership;
- a science or research park;
- a Federal laboratory;
- a venture development organization;
- an economic development organization or similar entity that is focused primarily on improving science, technology, innovation, or entrepreneurship; or
- a consortium of any of the aforementioned entities.

November 2024

The Great Trails State Program

**Deadline
Extended:
November 12th**

The **Great Trails State Program** provides funding for new trail development and extension of existing trails anywhere in the state of North Carolina.

This includes paved trails or greenways, natural surface trails, biking trails, equestrian trails, and any other type of trail recognized by the Department of Natural and Cultural Resources.

There will be one grant cycle distributing the full \$25 million dollars in non-recurring funding. The Great Trails State Coalition ([Join Here](#)) successfully advocated for the Great Trails State Program for all types of trails. Our goal is to make this one-time funding recurring. Thanks to our members who have made this success possible. If you aren't on the list, consider joining, to help advance trails across North Carolina.

Project Minimums:

- \$100,000 minimum for planning and design, acquisition (all types), construction of natural surface trails, and maintenance of natural surface trails
- \$250,000 minimum for maintenance of paved trails
- \$300,000 minimum for construction of paved trails

Match Requirements:

Eligible applicants receiving a grant under this program shall provide matching funds based on the tier ranking of the county where the project is located. If trail projects is located in more than one county, the match is based on lowest county tier. The match may include:

- cash,
- fee waivers,
- in-kind services,
- donation of assets,
- provision of infrastructure, or
- any combination of the above.

Non-cash matches must be quantifiable and documented.

- Tier 1 Counties: \$1 non-state matching funds for every \$4 of state funds
- Tier 2 Counties: \$1 non-state matching funds for every \$2 of state funds
- Tier 3 Counties: \$1 non-state matching funds for every \$1 of state funds

Environmental and Climate Justice Community Change Grants Program

The **Environmental and Climate Justice Community Change Grant program (Community Change Grants)**, created by the Inflation Reduction Act, offers an unprecedented \$2 billion in grants under this Notice of Funding Opportunity (NOFO). The Community Change Grants will fund community-driven projects that address climate challenges and reduce pollution while strengthening communities through thoughtful implementation. This historic level of support will enable communities and their partners to overcome longstanding environmental challenges and implement meaningful solutions to meet community needs now and for generations to come. There will be two tracks of funding under this opportunity. Track I will fund approximately 150 large, transformational community-driven investment grants of \$10 million - \$20 million. Track II will fund approximately 20 meaningful engagement grants of \$1 million - \$3 million. Grants cannot exceed 3-years in duration. Please review the NOFO for further information about the exciting opportunities under the Community Change Grants program and details about the application process.

Grants to Support New Investigators in Conducting Research Related to Preventing

Interpersonal Violence Impacting Children and Youth

This Centers for Disease Control and Prevention (CDC), National Center for Injury Prevention and Control (NCIPC) Mentored Research Scientist Development Award (K01) supports an intensive, supervised (mentored) career development experience in violence prevention research leading to research independence. NCIPC supports K01 grants to help ensure the availability of an adequate number of trained scientists to address critical public health research questions to prevent violence and injury.

Applicants must propose a research project that addresses at least one of the research priorities in the interpersonal violence prevention section of the [NCIPC Research Priorities](#) as they relate to **violence impacting children or youth (from birth through age 17)**. These research priorities include: Cross-cutting violence prevention; Adverse childhood experiences; Child abuse and neglect; Youth violence; Intimate partner violence (including teen dating violence); and Sexual violence. Applicants are also encouraged to address the following: (1) Multiple forms of violence impacting children or youth; (2) Firearm-related behavior, crime, injuries, and deaths among children and youth; (3) The social or structural conditions that contribute to a greater risk for violence and health inequities across population groups; and (4) How the proposed research study has practical relevance to inform prevention and intervention activities. Applicants should explicitly state the research priorities their application addresses.

Award Max: \$150,000

Field Initiated Projects Program (Development)

The purpose of the Field Initiated Projects program is to generate new knowledge through research or to develop methods, procedures, and technologies -- to maximize the full inclusion and integration into society, employment, independent living, family/caregiver support, and economic and self-sufficiency of people with disabilities, especially people with the greatest support needs. In carrying out a development project under a Field Initiated Projects development grant, a grantee must use knowledge and understanding gained from research to create materials, devices, systems, methods, measures, techniques, tools, prototypes, processes, or intervention protocols that are beneficial to the target population. Please note that this will be the funding opportunity for Field Initiated Projects development proposals. We will invite Field Initiated Projects research proposals under a separate announcement. NIDILRR plans to make 15 Field Initiated Projects awards. Grants will have a 36-month project period, with three 12-month budget periods. NIDILRR's Field Initiated Projects will include a combination of research applications and development applications, depending on the combined ranking of individual research and development applications by the peer review panel. For information on the application process with Administration for Community Living, visit the [ACL program website](#).

State Offices of Rural Health Coordination and Development Program (SORHCDP)

The purpose of the State Offices of Rural Health Coordination and Development Program (SORHCDP) is to develop and maintain activities that will build the capacity of the 50 SORH and rural stakeholders nationwide by strengthening leadership, increasing opportunities for collaboration, offering education on policy and emerging health issues, and supporting the core functions of the SORH. This in turn will improve health care in rural areas.

Funding Cycle details for the [SORHCDP FY2025](#)

Program Goals

- Goal 1: Leadership Development
 - Provide leadership development at national, regional, state, and local levels to increase the impact of SORH.
- Goal 2: Partnerships and Collaboration
 - Facilitate partnerships and collaboration at the national, regional, state, and local levels to improve the exchange of data, information, and best practices that support rural health.
- Goal 3: Addressing Emerging Rural Health Issues
 - Assist in the coordination of rural health care through education on policy and emerging health issues including HRSA priorities.
- Goal 4: SORH Capacity and Efficiency
 - Provide capacity building for SORH core functions to improve SORH efficiency

Application type: New, Competing Continuation

Expected total available FY 2025 funding: **\$950,000**

Expected number and type of awards: Up to 1 Cooperative Agreement

Funding range per award: Up to \$950,000 per budget period

We plan to fund awards in 12-month budget periods for a total 5-year period of performance of August 1, 2025, to July 31, 2030.

The program and awards depend on the appropriation of funds and are subject to

- change based on the availability and amount of appropriations.

Humanities Research Centers on Artificial Intelligence

The National Endowment for the Humanities (NEH) Division of Research is accepting applications for the [Humanities Research Centers on Artificial Intelligence](#) program. The purpose of this program is to support the establishment of new collaborative

humanities research centers focused on the legal, ethical, or societal implications of developing AI technologies. A Center is a sustained collaboration among multiple scholars focused on exploring the humanities implications of AI through two or more related scholarly activities. You may submit an optional prospectus. You must use the prospectus template found under Application Instructions, Step 1 Review your application package, "Program Resources." To receive feedback, you must submit the prospectus by Oct 2, 2024 to aicenters@neh.gov. Put "AI Center Prospectus" in the subject line of the message. NEH staff will only comment on one prospectus per institution per competition deadline.

Deadline:
December 11th

Maximum award amount: Up to \$750,000 (\$500,000 in outright funds plus \$250,000 in Federal Matching Funds)

Expected output Curriculum Project; Digital Infrastructure (Software, Website, etc.); Conference; Workshop; Other Scholarly Resource

Period of performance Up to three years

Expected notification date August 31, 2025

Project start date October 1, 2025 - September 1, 2026

Walmart - Local Community Grants

Q1: April 15

Q2: July 15

Q3: October 15

Q4: December 31

Local Community grants range from a minimum of \$250 to a maximum of \$5,000. Eligible nonprofit organizations must operate on the local level (or be an affiliate/chapter of a larger organization that operates locally) and directly benefit the service area of the facility from which they are requesting funding.

There are eight (8) areas of funding for which an organization can apply. Please review the areas listed below to ensure your organization's goals fall within one of these areas.

- **Community and Economic Development:** Improving local communities for the benefit of low-income individuals and families in the local service area
- **Diversity and Inclusion:** Fostering the building of relationships and understanding among diverse groups in the local service area
- **Education:** Providing after-school enrichment, tutoring or vocational training for low-income individuals and families in the local service area
- **Environmental Sustainability:** Preventing waste, increasing recycling, or supporting other programs that work to improve the environment in the local service area
- **Health and Human Service:** Providing medical screening, treatment, social services, or shelters for low-income individuals and families in the local service area

- Hunger Relief and Healthy Eating: Providing Federal or charitable meals/snacks for low-income individuals and families in the local service area
- Public Safety: Supporting public safety programs through training programs or equipment in the local service area
- Quality of Life: Improving access to recreation, arts or cultural experiences for low-income individuals and families in the local service area

Preservation Assistance Grants for Smaller Institutions

The National Endowment for the Humanities (NEH) Division of Preservation and Access is accepting applications for the **Preservation Assistance Grants for Smaller Institutions program**. The program encourages applications from small and mid-sized institutions that have never received an NEH grant. Maximum award amount Up to \$10,000 for organizations in the contiguous U.S. Organizations located in a non-contiguous state or jurisdiction may request an additional \$5,000 for consultants' travel and shipping costs.

How may funds be used?

Preservation Assistance Grants help small and mid-sized organizations preserve and manage humanities collections, ensuring their significance for a variety of users, including source communities, humanities researchers, students, and the public, by building their capacity to identify and address physical and intellectual preservation risks. These collections may include special collections of books and journals, archives and manuscripts, prints and photographs, moving images, sound recordings, architectural and cartographic records, decorative and fine art objects, textiles, archaeological and ethnographic artifacts, furniture, historical objects, and digital materials.

There will be an information webinar on *October 29, 2024, 2:00 p.m. Eastern Time* Register [here](#).

Sustaining Cultural Heritage Collections

The National Endowment for the Humanities (NEH) Division of Preservation and Access is accepting applications for the **Sustaining Cultural Heritage Collections program**. A pre-recorded webinar will

**Deadline:
January 10th**

be published on their page by November 29, 2024. This program helps cultural institutions meet the complex challenge of preserving large and diverse holdings of humanities materials for future generations by supporting environmentally sustainable preventive care measures that mitigate deterioration, prolong the useful life of collections, reduce energy consumption, and strengthen institutions' ability to anticipate and respond to disasters. *Option draft due December 5th.*

There are three levels of funding. **Planning (up to \$50,000)** provides funding for institutions to develop and assess environmentally sustainable preventive care strategies in collection spaces. **Implementation Level I (up to \$100,000)** provides funding for institutions to implement environmentally sustainable preventive care projects that address specific, discrete preservation challenges that have been identified through an assessment. **Implementation Level II (up to \$350,000)** provides funding for institutions to implement environmentally sustainable preventive care projects that address large or multifaceted preservation challenges that have been identified through assessments and planning conducted by a multidisciplinary collaborative professional team appropriate to the goals of the project.

How may funds be used?

Displayed expected output Improved conditions for collection storage and display; Improved systems and resilience for collections; Reduced energy usage and costs; In-depth preservation studies and plans.

Period of performance Up to two years for Planning and Implementation Level I; up to three years for Implementation Level II.

Rural Energy for America Program Energy Audit & Renewable Energy Development Assistance Grants in North Carolina

This program assists rural small businesses and agricultural producers by conducting and promoting energy audits and providing Renewable Energy Development Assistance (REDA).

How may funds be used?

The assistance must be provided to agricultural producers and rural small businesses. Rural small businesses must be located in **eligible rural areas**. This restriction does not apply to agricultural producers.

Assistance provided must consist of:

- Energy audits.
- Renewable energy technical assistance.
- Renewable energy site assessments.

Applicants must submit separate applications, limited to one energy audit and one Renewable Energy Development Assistance (REDA) per fiscal year. The maximum aggregate amount of an

State and Local Cybersecurity Grant Program (SLCGP)

DHS/FEMA currently estimates that they will publish the FY24 State and Local Cybersecurity Grant Program (SLCGP) Notice of Funding Opportunity (NOFO) sometime in August 2024, all dates subject to change. We anticipate soliciting subrecipients for FY24 SLCGP funding in North Carolina sometime after the NOFO is published by DHS/FEMA, all dates subject to change. This website will be updated as more details become available. **Estimated match: 20%**

How may funds be used, looking at the 2023 NOFO?

1. Manage, monitor, and track information systems, applications, and user accounts owned or operated by, or on behalf of, the state or local governments within the state, and the information technology deployed on those information systems, including legacy information systems and information technology that are no longer supported by the manufacturer of the systems or technology.
2. Monitor, audit, and track network traffic and activity transiting or traveling to or from information systems, applications, and user accounts owned or operated by, or on behalf of, the state or local governments within the state.
3. Enhance the preparation, response, and resilience of information systems, applications, and user accounts owned or operated by, or on behalf of, the state or local governments within the state, against cybersecurity risks and cybersecurity threats.
4. Implement a process of continuous cybersecurity vulnerability assessments and threat mitigation practices prioritized by degree of risk to address cybersecurity risks and cybersecurity threats on information systems, applications, and user accounts owned or operated by, or on behalf of, the state or local governments within the state.
5. Ensure that the state or local governments within the state, adopt and use best practices and methodologies to enhance cybersecurity, discussed further below.
 - Implement multi-factor authentication
 - Implement enhanced logging
 - Data encryption for data at rest and in transit
 - End use of unsupported/end of life software and hardware that are accessible from the internet
 - Prohibit use of known/fixed/default passwords and credentials
 - Ensure the ability to reconstitute systems (backups); and
 - Migration to the .gov internet domain

Additional best practices that the Cybersecurity Plan can address include:

- The National Institute of Standards and Technology (NIST) Cybersecurity Framework
 - NIST's cyber chain supply chain risk management best practices; and
 - Knowledge bases of adversary tools and tactics
1. Promote the delivery of safe, recognizable, and trustworthy online services by the state or

- local governments within the state, including through the use of the .gov internet domain.
2. Ensure continuity of operations of the state or local governments within the state, in the event of a cybersecurity incident, including by conducting exercises to practice responding to a cybersecurity incident.
 3. Use the National Initiative for Cybersecurity Education (NICE) Workforce Framework for Cybersecurity developed by NIST to identify and mitigate any gaps in the cybersecurity workforces of the state or local governments within the state, enhance recruitment and retention efforts for those workforces, and bolster the knowledge, skills, and abilities of personnel of the state or local governments within the state, to address cybersecurity risks and cybersecurity threats, such as through cybersecurity hygiene training.
 4. Ensures continuity of communication and data networks within the jurisdiction of the state between the state and local governments within the state in the event of an incident involving those communications or data networks.
 5. Assess and mitigate, to the greatest degree possible, cybersecurity risks and cybersecurity threats relating to critical infrastructure and key resources, the degradation of which may impact the performance of information systems within the jurisdiction of the state.
 6. Enhance capabilities to share cyber threat indicators and related information between the state, local governments within the state, and CISA.
 7. Leverage cybersecurity services offered by the Department (See Appendix G for additional information on CISA resources and required services and membership).
 8. Implement an information technology and operational technology modernization cybersecurity review process that ensures alignment between information technology and operational technology cybersecurity objectives.
 9. Develop and coordinate strategies to address cybersecurity risks and cybersecurity threats. Local governments and associations of local governments within the state should be consulted. Cybersecurity Planning Committees should also consider consulting neighboring entities, including adjacent states and countries.
 10. Ensure adequate access to, and participation in, the services and programs described in this subparagraph by rural areas within the state.
 11. Distribute funds, items, services, capabilities, or activities to local governments.
