Annual Awards & Banquet Ceremony

IMPORTANT EVENTS

August 1st - August 31st 2026

National Immunization Awareness Month - 08/01/2026-08/31/2026

National Immunization Awareness Month highlights the importance of routine vaccination for infants, children, adolescents, adults, and older adults. Vaccines help protect individuals and communities from serious and preventable diseases. Individuals should speak with a trusted health care provider about which vaccines are recommended for them.

Back To School Month - 08/01/2026-08/31/2026

August marks the beginning of a new school year for many students, families, educators, and school employees. It is a time to gather supplies, establish healthy routines, review transportation and school-zone safety, and prepare students for a successful return to the classroom. Families are encouraged to discuss expectations, practice safe routes to school, and support children as they adjust to new schedules and learning environments.

National Senior Citizens Day- 08/21/2026

National Senior Citizens Day recognizes the achievements, experiences, and valuable contributions of older adults throughout our communities. It also provides an opportunity to raise awareness of issues affecting seniors, including health care, transportation, social isolation, financial security, caregiving, and access to supportive services.

National Night Out - 08/04/2026

National Night Out is an annual community-building campaign that promotes public safety and strengthens partnerships among residents, law enforcement agencies, first responders, local governments, and community organizations. Events across the country bring neighbors together through family activities, safety demonstrations, food, entertainment, and community resources. The observance encourages residents to connect with those who serve their communities and work together to create safer, more welcoming neighborhoods.

Women's Equality Day - 08/26/2026

Women's Equality Day commemorates the certification of the 19th Amendment in 1920, which granted many women in the United States the right to vote. The observance honors the generations of advocates who worked to advance women's voting rights and recognizes the ongoing pursuit of equal rights and opportunities. It encourages reflection on women's important contributions to our country.

As we recognize these upcoming holidays and observances, we encourage everyone to take time to reflect, celebrate, and support the people and causes that make our communities stronger, safer, and more connected.

OPERATION TOBACCO ROAD

This is a short note to invite you, and everyone within your circles of influence, to the 2026 NCNG Cyber Security Response Force (CSRF) Operation Tobacco Road (OTR '26) event, featuring a half-day All Hazards Tabletop Exercise. OTR '26 will occur twice this year, August 17-21 and October 5-9. The All Hazard TTX occurs Aug 19th and Oct 7th. Full details on OTR'26 can be seen [HERE](#).

Operation Tobacco Road is five-day, full scale technical exercise dedicated to Public Sector Cyber & IT Professionals, hosted by the NC National Guard CSRF. The attached flyer tells it better than I can, please forward this opportunity to everyone you think may be interested.

The Tabletop Exercise (TTX) is a discussion-based, non-technical exercise focused on incident awareness, coordination, decision-making, and response. The scenarios are challenging, fun and guaranteed to generate discussion long after it's over. Without giving away the plot, I can say this year's script incorporates cyber, natural, man-made, airborne and water elements for the audience to grapple with.

Unlike the hands-on keyboard portion of Operation Tobacco Road, the TTX allows participants to work through response actions, communication flow, and leadership decisions in a guided environment. Sign up for the TTX [HERE](#).

DIGITAL OPPORTUNITY SURVEY

The N.C. Department of Information Technology (NCDIT) encourages North Carolinians to participate in the State's second Digital Opportunity Survey.

The survey asks about residents' needs for affordable high-speed internet, computers, and the digital skills needed to safely access online services for work, education, health care, government services, and everyday life.

Survey responses will help update the State's digital opportunity plans and guide future efforts to meet North Carolinians' changing needs.

Scan the QR code to take the survey today!

New All-Way Stop Planned For Youngsville Intersection

YOUNGSVILLE – Crews will install stop signs on Pocomoke Road turning the intersection with Long Mill Road into an all-way stop. Stop signs are already in place on Long Mill Road.

Work will take place July 29 at 9 a.m.- 3 p.m., weather permitting. Drivers should allow extra travel time and be mindful of crews working in this area.

For real-time travel information, visit DriveNC.gov or [follow NCDOT on social media](#).

DEQ RELEASES NEUSE RIVER BASIN FLOOD RESILIENCE STRATEGY

The North Carolina Department of Environmental Quality has released the Neuse River Basin Action Strategy, a framework designed to help communities prepare for flooding and invest in long-term resilience. The strategy identifies 113 prioritized actions, including stormwater and drainage improvements, infrastructure protection, flood-warning systems, nature-based solutions, and floodproofing measures. Of these, 29 were selected as high priorities based on community support, feasibility, available resources, and potential impact. Communities can access the recommendations through DEQ's Flood Resiliency Blueprint Tool to support planning, project development, and funding opportunities.

BUILDING A STRONGER TEAM: KTRCOG STAFF DISCOVER THEIR STRENGTHS

On July 16, 2026, Kerr-Tar Regional Council of Governments staff participated in a team-building and professional development workshop at the Clearview Church Café. The session was facilitated by Tieska Jumbo of Jumbo Consulting.

Through the CliftonStrengths Assessment, staff identified their individual strengths and gained a better understanding of the unique qualities and working styles each person brings to the organization.

The interactive workshop highlighted how recognizing and leveraging these strengths can strengthen communication, encourage collaboration, and improve overall team effectiveness.

Participants also learned practical strategies for working more efficiently, valuing different perspectives, and creating opportunities for everyone to contribute meaningfully.

The training reinforced the importance of teamwork and demonstrated how building upon one another's strengths can help the organization achieve greater success together.

To learn more about professional and staff development training offered by Tieska Jumbo, visit <https://consultjumbo.com/>.

JOIN THE STEP-TEMBER CHALLENGE

**First 25 Participants
to register will
receive a pedometer**

*Join the NCFalls Prevention Coalition and Kerr-Tar

AGING DEPT. TEACHES CAREGIVER SKILLS WORKSHOP

Micheal Patterson, Kerr Tar Family Caregiver Specialist and Crystal Allen, Kerr Tar Aging Specialist recently earned certification in Coaching Powerful Tools for Caregivers. Community volunteers Teresa Troup, Donna Finn, and Dr. Thomas Finn also earned certification.

Powerful Tools for Caregivers is a six-week evidence base program that teaches caregivers skills such as stress management, effective communication, goal setting, problem-solving, and self-care. Research has found improvements in caregiver confidence, reduced stress, and better emotional well-being.

If you would like more information or are interested in finding a Powerful Tools for Caregivers class in your area, please contact Micheal Patterson 252-436-2040 ext 6072 mpatterson@kerrtarcog.org or Crystal Allen 252-436-2040 ext 2036 callen@kerrtarcog.org

A MATTER OF BALANCE CLASS COMPLETED IN PERSON COUNTY

An A Matter of Balance class was held at the Person County Senior Center from June 1, 2026, through July 21, 2026.

A Matter of Balance is an evidence-based, free 8-week program designed to help reduce the fear of falling and increase activity levels for older adults and others who have concerns about falls. Participants learn practical strategies to improve balance, build confidence, and remain active.

Be on the lookout for an A Matter of Balance class in your area!

For more information about upcoming classes, please contact:

FREE SEED LIBRARY GROWS AT VANCE COUNTY REGIONAL FARMERS MARKET

The Extension Master Gardener Volunteers of Vance County have launched a free seed library at the Vance County Regional Farmers Market to improve local food access, support community gardens, and protect local pollinators. Since opening late last year, the seed library has distributed nearly 600 packets featuring seasonal vegetables, pollinator-friendly plants, and other varieties for residents to grow at home.

Led by Master Gardener Volunteer Cindy Jordon, the project is supported by volunteers who organize and catalog seeds, assist visitors at the market, and seek grants and donations to sustain the program. More than 250 community members have expressed interest in future educational opportunities. In response, the team plans to offer hands-on workshops covering topics such as seed saving and overwintering seeds in milk jugs.

Community support remains important to the seed library's continued success. Donations of unused or locally collected seeds are welcome, along with financial contributions to help purchase envelopes, labels, and other supplies.

Visit the seed library at 210 Southpark Drive in Henderson on Wednesdays and Saturdays from 8:00 a.m. to 1:00 p.m. For more information, contact Michael Ellington at 252-438-8188 or visit facebook.com/EMGVance.

August is National Immunization Awareness Month

Vaccines are an important step in protecting against serious and sometimes deadly diseases. Even healthy adults can become seriously ill and can pass certain illnesses on to others.

Immunizations are especially important for older adults and for adults with chronic conditions such as asthma, COPD, diabetes, or heart disease.

Medicare covers a number of vaccines for beneficiaries under Medicare Part B and the Medicare prescription drug plans (Part D).

Ask a SHIIP counselor for more information.

Food Pantry Meetings Held Throughout the Kerr-Tar Region

During July 2026 the Kerr-Tar Regional Food Council's Food Security & Access Committee brought together representatives from food distribution organizations throughout the five counties to discuss current challenges and emerging trends affecting food assistance efforts.

Three meetings were held across the Kerr-Tar Region in convenient locations. Stipends were also provided for participating organizations. Participants shared concerns about increasing demand for services, operational challenges, and the ongoing need for adequate food supplies. The discussion also highlighted the importance of strengthening collaboration and referral networks to better serve families experiencing food insecurity.

A regional survey will be distributed to food pantries to identify the most pressing challenges across the region. The survey results will help guide future planning, collaboration, and resource development to strengthen the regional food assistance network.

These regional pantry meetings are part of the Kerr-Tar Regional Food Partnership Project, which is made possible through funding from the Triangle North Healthcare Foundation. Their support is helping strengthen collaboration among food assistance providers and identify opportunities to improve food access across the Kerr-Tar region.

For more information about the Kerr-Tar Regional Food Council, contact Desiree Brooks at **252-436-2040 Ext. 6546** or **dbrooks@kerrtarcog.org**.

BACK TO SCHOOL SAFELY WITH SAFE ROUTES TO SCHOOL

Safety Tips for Students and Families

As students prepare to return to school, the Kerr-Tar Regional Council of Governments' Safe Routes to School initiative encourages families, educators, and drivers to help make every trip to and from school as safe as possible.

Safe Routes to School promotes safe walking, bicycling, and rolling for students throughout Franklin, Granville, Person, Vance, and Warren counties. Whether children walk, ride a bicycle, take the bus, or travel by car, everyone plays a role in creating safer school routes.

- Choose the safest available route and practice it with an adult before the first day of school.
- Use sidewalks and designated crosswalks whenever they are available.
- Stop and look left, right, and left again before crossing the street.
- Make eye contact with drivers and wait until vehicles have stopped before crossing.
- Avoid using phones, headphones, or other distractions while walking or bicycling.
- Wear bright or reflective clothing to help drivers see you.
- Always wear a properly fitted bicycle helmet.
- Ride in the same direction as traffic and follow all traffic signs and signals.
- Younger children should walk or bicycle with a trusted adult whenever possible.

In rural areas where sidewalks, bicycle lanes, or safe crossings may be limited, families should carefully evaluate the route before allowing a child to walk or bicycle. If a route does not appear safe, consider working with your school and local community partners to identify safer alternatives.

SAFE ROUTES TO SCHOOL MONTHLY UPDATE

On Saturday, July 25, 2026, from 10:00 a.m. - 2:00 p.m., Safe Routes to School Regional Program Coordinator Ashley Zuniga hosted an informational table at the Community Health Fair held at Cornerstone Christian Community Church in Oxford, Granville County.

Organized by Gloria Stovall, the event brought together several organizations focused on community resources, public health, safety, mental health, and overall well-being. Throughout the event, Ashley connected with attendees, shared information about the Safe Routes to School initiative, and provided educational resources promoting pedestrian and bicycle safety for children and families.

KTRCOG appreciates the opportunity to participate in this community-centered event and help raise awareness about safe walking and bicycling throughout the region.

See photos from the event below!

SAFE ROUTES TO SCHOOL MONTHLY UPDATE

On Thursday, July 30, 2026, Safe Routes to School Regional Program Coordinator, Ashley Zuniga, hosted an informational table at the Vance County Schools Back-to-School Bash. The event was held at Vance County Middle School Stadium from 3:00–6:30 p.m. and brought together numerous community vendors to celebrate and support local students as they prepared to return to school.

Ashley shared educational resources focused on bicycle, pedestrian, and helmet safety, along with SRTSI promotional items and giveaways. Three bicycles from the SRTS program were also loaned for the event's bike rodeo, allowing children to practice their bicycling skills in a safe and supportive environment.

Thanks to a generous donation from Walmart in Henderson, four bicycles were awarded through a raffle. Vance County Schools was awarded 100 helmets through the NCDOT Bicycle Helmet Initiative, which were distributed to the participating children.

KTRCOG would like to recognize Mr. Rey Horner, Ms. Aarika Sandlin, Ms. Amber Hines, and Ms. Sharon Pettiford for their coordination, assistance, and continued support of the SRTS program and bike rodeo. We sincerely appreciate VCS for including SRTS in this wonderful community event and helping local students begin the new school year safely!

NCWORKS, KERR-TAR WORKFORCE DEVELOPMENT BOARD, AND KITTRELL JOB CORPS STRENGTHEN PARTNERSHIP

The NCWorks Career Center and the Kerr-Tar Workforce Development Board and Local Reentry Council recently met with staff and students at Kittrell Job Corps to strengthen their partnership and expand opportunities for their students.

During the meeting, staff discussed continuing their collaborative efforts to connect eligible Job Corps participants with NEXTGEN Youth Program services available through NCWorks and the Local Reentry Council (LRC). These partnerships help participants gain access to career guidance, workforce training, supportive services, and employment opportunities that lead to long-term success.

In addition to the partnership discussions, the team met with three Job Corps students to introduce and discuss Highway Construction Trade Academy being offered in collaboration with Vance-Granville Community College (VGCC) and the North Carolina Department of Transportation (NCDOT). The students learned about the training opportunities available through the program, the skills they can gain, and the career pathways that can lead to high-demand careers in the transportation and infrastructure industries.

The meeting highlighted the importance of strong community partnerships in creating pathways to employment and helping young adults overcome barriers to success. By working together, NCWorks, Kerr-Tar Workforce Board, Kittrell Job Corps, VGCC, LRC and NCDOT continue to invest in the future workforce while supporting local employers and strengthening the regional economy.

RAPID RESPONSE INFORMATION SESSION HELD FOR INTERNATIONAL PAPER EMPLOYEES

The Kerr-Tar Workforce Development Board and NCWorks recently met with Melissa Thomas with Duke Energy on Monday, July 13, 2026 to discuss expanding career awareness opportunities for youth and young adults across the region. The conversation focused on increasing exposure to high-demand careers in the skilled trades, including electrical, welding, pipefitting, and other occupations that support the growing energy industry.

The meeting also highlighted opportunities to connect Duke Energy's workforce initiatives with the NCWorks NextGen Youth Program, apprenticeship opportunities, and other workforce development services. By strengthening partnerships, Kerr-Tar Workforce Development Board and Duke Energy are working together to build a strong talent pipeline that prepares the next generation for rewarding careers while helping meet the region's future workforce needs.

RAPID RESPONSE ASSISTANCE PROVIDED TO OPEN BOOK EXTRACTS EMPLOYEES (OBX)

The Kerr-Tar Workforce Development Board and NCWorks Career Center recently responded to a workforce reduction at Open Book Extracts (OBX), where 20 employees were impacted by a layoff announcement on Friday, July 24.

We were contacted by Person County Economic Development who was working closely with the employer. Our team quickly provided electronic Rapid Response materials for distribution to all affected employees. The information included resources on unemployment insurance, NCWorks services, job search assistance, training opportunities, and other workforce support available to help individuals transition back into employment.

Open Book Extracts expressed their appreciation for the timely information and support provided. The Kerr-Tar Workforce Development Board remains committed to partnering with local employers during times of workforce transition by delivering responsive services and connecting affected workers with the resources they need to successfully move forward.

NEW EMPLOYEES SPOTLIGHTS

STAFF ANNOUNCEMENTS

Helen Bradby

KTRCOG warmly welcomes Helen Bradby, who joined the Kerr-Tar Workforce Development Board as the Regional Reentry Coordinator on July 1.

With over 20 years of workforce development experience, Helen is dedicated to helping justice-involved individuals connect with career readiness assistance, training, and employment opportunities in the Kerr-Tar region.

Originally from Warren County and now residing in Franklin County, Helen is passionate about second-chance initiatives and sharing participant success stories. Please join us in welcoming her, and remember her birthday on November 10!

Ashley Snipes

KTRCOG is pleased to welcome Ashley Snipes, who joined the organization on July 1 as Finance and Compliance Specialist.

Ashley brings experience as a compliance specialist in the solar industry and as an analyst in the financial sector. She earned a Bachelor of Science in Economics with a concentration in Business from North Carolina A&T State University.

Ashley looks forward to supporting KTRCOG, its staff, and the communities it serves while continuing to expand her knowledge of finance and compliance.

Outside of work, she enjoys listening to music and podcasts and spending time with family, friends, and her dog. Please join us in welcoming Ashley—and remember her birthday on August 9!

NEW EMPLOYEES SPOTLIGHTS

David
Stuart

KTRCOG is pleased to welcome David Stuart, who joined the Administrative Department on July 16 as Administrative and Program Assistant.

David's interest in local government led him to Appalachian State University, where he studied Public Administration and Urban Planning. He also completed internships with the City of Gastonia and F.A.R.M. Cafe, a nonprofit community café.

In his new role, David looks forward to taking the next step in his local government career and helping residents throughout KTRCOG's five-county region access housing-repair resources. Please join us in welcoming David to the KTRCOG team—and remember his birthday on March 21!
